

# Break

# Manufacturing Technology Scale-up & Deployment

Moderated discussion on how institutes have advanced technology to commercialization (highlighting success stories), technology transition challenges documented by the Manufacturing USA Scale-up IPC Task Team, and areas where coordinated efforts with federal partners can add value.

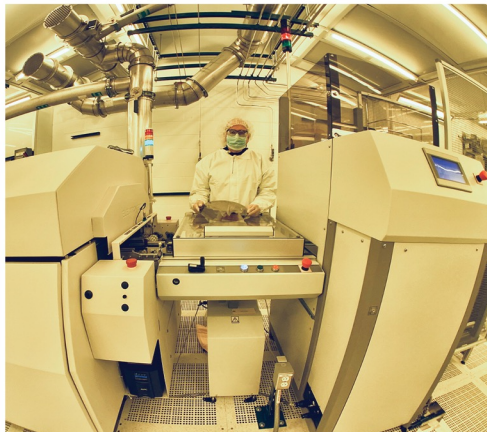

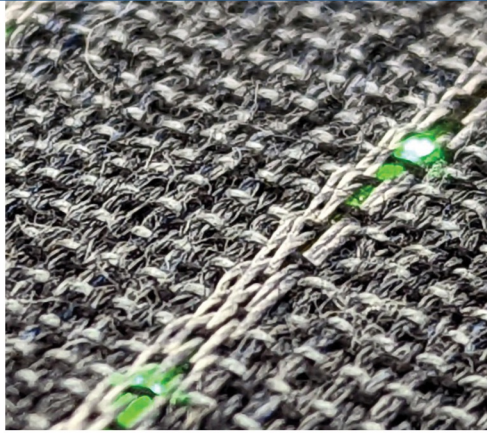

Jennifer MacDonald, MD  
Chief Operating Officer  
ARMI

# Director's Dialogue

Discussion with institute directors and sponsoring agencies about coordinated activities.

Moderator: Mark Gordon, Office of the Secretary of Defense Manufacturing Technology Program

## Slido Discussion Question

---

What network coordination activities could forge more meaningful collaboration or opportunities across institutes?
